

**LIGHTENING STRIKES
WITH TAITO'S**

THUNDERFOX

The sky is the limit in Taito's action packed game, Thunder Fox. This new multi-phase game will test the game player's skill and quickness. Thunder Fox offers demanding challenges on land, water, and in the air as well as hard biting hand to hand combat throughout the game. But in order to achieve success the player must be resourceful.

TAITO

THUNDER FOX

Aside from deadly flying kicks and punishing somersault attacks, Thunder Fox heroes must be on the lookout for more powerful weapons in their attempt to even overpowering odds. Thunder Fox heroes always have their trusty knife, but can pick up a variety of assault weapons. Hand guns, machine guns, bazookas, hand grenades, and destructive flame throwers can be obtained in order to aid Thunder Fox heroes in their quest to defuse a terrorist outfit.

While walking through a thunderstorm, the anti-terrorist unit, code named Thunder Fox, must be aware of blizzing lightning bolts from the sky that can strike as quickly as the heroes themselves. The anti-terrorist unit must progress through a rigorous five stage sequence that includes land battles, sea battles, and air battles. Jeeps, marine jets, and autogiros can be used to help the anti-terrorist unit battle the enemy. The Thunder Fox unit must endure the five stages, invade the terrorists' base, and defeat the final boss in order to complete their mission.

With quick, non-stop action, state of the art graphics, two player capabilities, and a continue play option available, Thunder Fox will surely be a favorite at any location.

Game features include:

- Scroll action screen
- Two player and Continue Play Option
- Eight-way joystick action
- Three action buttons
- Special attack capability with button combinations
- Final conflict pits player against player.
